Principal's News

Tuesday 17 September 2019

Broulee On The Box

Only one week to go until our wonderful students have the opportunity to showcase their talents as singers, actors and dancers in our School's production. The costumes are looking good, lighting for the show is fantastic – we are now just polishing up the acts. This Friday we will be having a full dress rehearsal for all classes. It is important for all students to have their costumes at school before Friday. If you haven't already purchased tickets for this great show, please go to our school website and follow the links to ensure you don't miss out.

Fire Mitigation Works

The Department of Education's fire mitigation statutory works have been completed. This has been welcomed by some community members and caused others some concern. The fire mitigation works are part of a state wide strategy by the NSW Government to make school areas bush fire compliant under legislated standards. The works have seen some significant pruning, raising of branches and fuel reduction in some areas of the school.

Yesterday a productive meeting was held with P&C representatives, Regional Manager of the Bushfire Mitigation Program for NSW schools and myself to discuss the works that have taken place, fire compliance, the annual maintenance of those areas and how we can work together effectively across the school. The P&C have written a letter outlining the meeting and I have included it in this Scoop for all to read.

Year 6 Excursion

Thank you to the parents and staff that accompanied the Year 6 students on their week away in Sydney. I know there were some bodies still recovering from their jam-packed week of exciting events and experiences, from train rides to bridge walks, historical sites to the zoo, they had a fantastic week due to the effort of staff (particularly Mrs Dunne who coordinated the excursion) and volunteer parents who gave up their time – plus the great students of Broulee who represented our community and themselves so well.

School Attendance

Please remember if your child is away from school, you are required to supply a reason within 7 days of the absence. Thank you to everyone who sends in a note or calls the school to let us know of your child's absence. These reasons are recorded in our rolls. If your child has an absence in our roll that is unexplained this term, they will soon receive a letter with that date and a slip they can return to explain that absence. Please be aware, as we are, that despite all efforts and intentions, sometimes notes or messages don't reach the intended recipient. If you feel this may have happened or you just overlooked letting us know at the time, please quickly fill in the return slip, with a brief explanation for the absence, so our records can be corrected.

This Thursday's assembly at 1.40 pm will be led by 4/5J. All families are welcome to attend.

Matthew Rose
Principal

Upcoming events:

- Fri 20 Sep - Full Dress Rehearsal
- Wed 25 & Thu 26 Sep - Whole School Concert
- Fri 27 Sep - Last day of Term 3
- Mon 14 Oct - Staff and students return
- Wed 30 Oct - Fri 1 Nov - Year 3 Kianinny Excursion
- Thu 31 Oct - P&C Meeting - 7pm

Weekly Class Awards

FISH: Fair Inclusive Safe Honest

	Class Awards	Term 3 Week 8			
6D	Daniel Greenway	Byron Cox	Hayley Padman	Kai Pratt	
5/6H	Ava Perra	Riley Beby	Sunni West	Maddi White	
5/6W	Kiran Hutton	Finn Siecker	Sarah Clarke	Stella Horne	
4/5J	Brendan Wallace	Armani	Miah Sheldon	Emma McGuinness	
4H	Annika Thorne	Austin Enright	Oscar Jackson	Matayah Meriton	
4M	Asher Love	Beau Theodore	Ali Yarar	Chelsey Shilling	
3B	Zek Canbulat	Pema Keogh	Liam Carrol	Brock Whiting	
3E	Charlotte Poile	Harper Ireland	Blake Russell	Tara Padman	
2F	Ella Douros	Annie Carrol	Donni Gonzalez		
2S	Arkady Wellington	Ryu Kolaric	Paige Tilyard		
1E	Erin McRae	Liliana Murphy	Lachie Hanns		
1L	Sunny Kingston	Kaeden Whittingham	Phin Donnelley		
K/1W	Wyatt Hicks	Indi Retallick			
KD	Sam Hall-Aspland	Ruby Bell			
KE	Bailey Buffier	Eden Campbell			

The following students will receive a Bronze, Silver or Gold Award at this Thursday's assembly. Students receive a Bronze Award once they have received two Class Merit Awards, a Silver Award once they have received four Class Merit Awards and six Class Merit Awards results in a Gold Award. Congratulations!

Please note that if a student is absent from the assembly they will receive their award the following week. Their name will not appear on this list again.

Bronze Awards	Annie Carrol

P&C News

Dear Broulee School Community,

We met on Monday morning with Matthew Rose and Brendan Pratt (Regional Manager of the Bushfire Mitigation Program for NSW schools). Brendan had come down from Wollongong that morning for the meeting, which was appreciated.

The concerns of the school community including the need for balance between bushfire mitigation and the social, environmental and amenity values were expressed and understood. In turn, the key objective of the bushfire mitigation work as a statewide program aimed at the safety of our children and the staff was emphasised.

The meeting included looking at the scope of works and associated mapped zones of the school which determined the degree of vegetation control. We all conducted a walking inspection of the work done which was constructive and productive. This initial assessment of the completed works highlighted that there was some discrepancy between scope of works and what occurred. Brendan will be undertaking an audit of all the work done which will be compared to the contracted project scope.

It was also highlighted that there was a significant time lag between the commencement and completion of this process which started in 2017. During this time there was a change in staff management both at the school and in the fire mitigation works team.

The discussion on Monday morning highlighted the opportunities to improve communication within this process. It also raised the importance of the school ethos and previous planting activities being captured in this process.

The potential for flexibility in managing future bushfire mitigation compliance action was explored and discussed at length.

Key points include:

- The current work program has been completed. This work was relatively extensive because no significant mitigation activities have been undertaken recently due to a back log of fire mitigation works across the state.
- The school community will work together to identify and map the key values we want considered in future work.
- The map of fire mitigation zoned areas throughout the school can be revised for any future works as there is substantial room for the school community to manage areas. For example the garden beds around the school buildings could be managed by the GA and school community within the compliance guidelines. This could have the potential for further mitigation work in these areas to be minimized to only include the raking and removal of leaf litter and not the pruning or removal of vegetation.
- Options include managing shrubs to a height of one and a half metres with access for easy leaf litter removal; ensuring no 'laddering' of fire prone shrubs and trees by maintaining a two metre gap in height to over-storey tree branches; extensive mulching of beds to hold moisture and minimise leaf litter
- The management of these areas could involve a school community planning process for the grounds, potentially with community working bees to landscape, plant and maintain the vegetation.
- There will be follow-up bushfire mitigation work on an annual basis.

A positive outcome of this meeting is that there is an opportunity to learn from the past and ensure there is an improved scope of works and a revised mapping of zones which

determines the vegetation control activities. This information should also be more articulate in reflecting the school's ethos, past planting activities, and the school community's commitment to the maintenance of some of these zones which complies within the fire mitigation guidelines.

Brendan also emphasised the challenge in implementing a statewide program across a region as big as ours. He was clear that his interest was to learn from this experience and look to continual improvement in the program, importantly in the area of communication with the school community.

Thank you to everyone who made their views known to Matthew. We came away from the meeting confident that the community had been heard and understood by Brendan and that a constructive working relationship could be established.

If anyone from the school community has any further questions, please contact the P&C via email brouleepublicschool@pandcaffiliate.org.au

Warm regards
Courtney and Conall

Swimming Club 2019!

New Members and Current Members are invited to attend our first Club night on...

Wednesday 16 October 2019 5:15pm
Batemans Bay Swimming Pool.

New members have the option to swim for 2 club nights before registration is required to be completed. All existing members need to have their registration up-to-date before 11 October.

Swimming Club is a positive environment for Swimmers of all ages to improve their swimming and race against their own times. Club nights are held every Wednesday night with a selection of races each week. First event starting at 6pm. Swimming events range from 17m, 25m, 50m and 100m. A BBQ dinner is available every Wednesday night.

Contact the club via

UOW Teaching Experience @ Batemans Bay

ABOUT TEACHING EXPERIENCE DAY

A great teacher can change lives and truly impact the communities in which they live. Through our education degrees you'll learn more than just how to teach – you'll gain the skills needed to empower future generations and inspire young minds. A career in education is rewarding and diverse, and with access to our local schools, you'll graduate with globally-transferable skills and qualifications. Come and experience what it is like to study education at the University of Wollongong Batemans Bay Campus.
