## Principal's News

Tuesday 11 February 2020

Well we have definitely experienced a great variety of weather conditions since being back at school. Yesterday's downpour certainly challenged our gutters, drains and the waterproofing of our shoes! Thankfully the water drained away quickly and the children were able to still have some time to run around at lunch and recess. Thank you to all the parents who helped our students navigate the pools and creeks that some of our walkways became to get to class with dry feet.

### Swimming Carnival

Our school swimming carnival is on this Thursday. We are looking forward to a fantastic day at the Batemans Bay Pool. All students attending will have received information about what to bring for the day.

### Raiders Visit

This Thursday, some of the Canberra Raiders will be visiting our school to talk to the children not attending the swimming carnival. This is part of their community outreach program and they will hold an assembly with the children after recess.

### Staff Carpark

Please remember the staff carpark is not an area to ride bikes in or out of the school, a drop off zone or walkway into the school or through to Captain Oldrey Oval. We have staff and delivery trucks using this throughout the day and we really do not want any accidents to happen.

### Updating Details

If you haven't already done so, please return your updated details sheet sent out last week, to our office. This is especially important for families that may have changed phone numbers, emergency contacts or had a change in family situation. Having the most up to date information allows us to contact the right people when we need to.

### Bushfire Support

We have been privileged to have Mr Palise working with students, families and staff since the start of school this year. Mr Palise finishes his time here this week and we thank him for his support during this time. Mrs Digby, our regular school counsellor, will be returning next week to support our school. If you would like to talk to Mrs Digby about your child please contact the school.

We are incredibly lucky to live in such a supportive community. If you feel like you or your children might need support through this time please contact our school or your child's class teacher.

## ***Broulee Public School Swimming Carnival***

Students who finish first or second overall in 50 m or 100 m events will be considered for selection in the school team to compete at the Eurobodalla District Carnival.

Only students who consistently demonstrate an acceptable standard of behaviour will be considered for selection.

### ***No Finals***

There will be no finals. If there is more than one heat for an event, the places will be decided on times. This is the same format as the District Carnival.

### ***Please Note***

If a swimmer is judged to be stroking incorrectly, they will receive their entry point but will not gain place points or be eligible for District selection.

## ***House Captains 2020***

Lee: Jayden Sturgiss and Mia Lasscock

Rover: Max Burke and Michaela Dunne

Warrigal: Edie Fletcher and Jake Carthew

## LEGO

Special Interest Groups have become a great addition to our school timetable. It helps our children move beyond their comfort zone and learn to think outside the square. I am looking for donations of old LEGO your children may not be playing with anymore. I am looking for pieces that are for children 8 years and older. Your donations will enable the LEGO group to complete challenges that I have set and exhibit their creativity on a larger scale.

Mrs Enright

## Clean Up Australia Day

On Thursday 27 and Friday 28 February we will again be participating in Clean Up Australia Day. Broulee Public School students are proud members of our local community and we look forward to this event every year. All children will need a hat, sunscreen, mozzie repellent, gloves and a recyclable bag.

## Giving to others

This is the season of giving and some children in Year 3 have come up with a great idea to give an important gift to others in need.

A lot of the children recycle in our school community. The bottles can be recycled into other items and we know the lids can also be recycled.

We are asking for donations of milk lids and fizzy drink lids to be donated and recycled as prosthetic limbs.

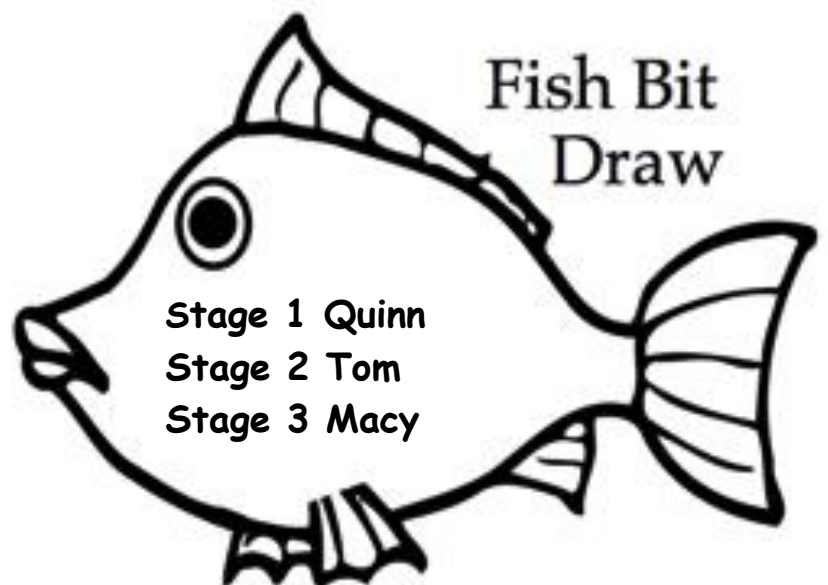

There is a collection area in the front office and would like to see it filled up to help others in need.

We hope to be collecting all your donations soon.
