## Principal's News

Tuesday 2 June 2020

It's been a great week of learning for the students. They have returned to school eager and it is wonderful to walk around the classrooms and see just how engaged and independent the students have become.

### Social Distancing

In an effort to reduce congestion at the front of the school and keep everyone safe at pick up time, we are encouraging parents and carers to collect their children from Captain Oldrey Oval where possible. A staff member will walk students to the School's back gate where they can leave once parents are sighted.

Last week and yesterday we found the numbers of parents around our front gate area, waiting to pick up students made social distancing difficult. The congestion has raised safety issues for children leaving the school as well as for the parents collecting them.

We again thank parents and carers for not coming into the school at drop off and pick up times. While the research indicates children are not as at risk from close contact, all adults still need to observe the 1.5m distancing from each other.

If you are able to collect your child from Captain Oldrey Oval, please make sure they are aware and let their teacher know that is where you will be.

### Edible Garden

Mrs Bourke and Ms Hanks have been working hard with the students to get our edible garden beds ready and planted out for winter. Classes will be taking an area each in the garden to care for and grow their winter crop. It is planned that the harvest will be used to do a school cook up at the end of the season.

### School Assemblies

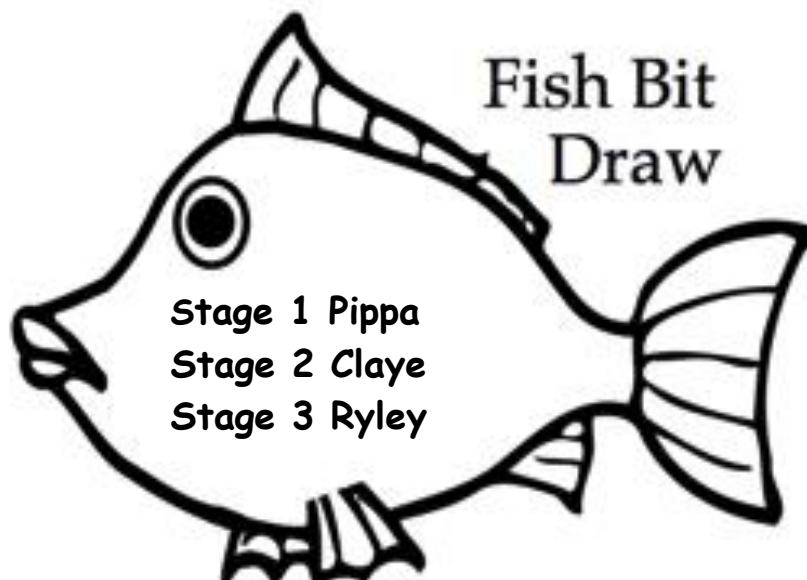

School **assemblies** cannot currently be held, so we are continuing with our virtual assemblies. Each Thursday we are posting up a link to our Virtual Assemblies on our Facebook page, through the school app and on our School website. This week 5/6E will be hosting the assembly.
